## Finishing

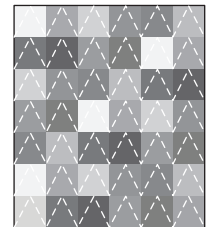

6. Sew the backing pieces together as shown (Dia. C) to make a backing approximately 60" x 51" (152.54cm x 129.54cm). Press.

7. Lay the pieced backing **wrong** side up (securing edges tautly, but do not stretch); center the batting on backing and quilt top **right** side up. Smooth layers. Starting at the center, baste the layers together with long stitches, small safety pins, or temporary basting spray. Quilt as desired. Trim batting and backing even with quilt top edges.

8. Quilt "witch's hat" in each square as shown in Diagram D or quilt as desired. Trim batting and backing even with quilt top edges. **Tip:** Sewing with a walking/even-feed foot is helpful when quilting through layers. **Note:** Simple triangles on each square create a chevron design on reverse.
